

BIM300

# Advanced Professional Skills in Biomedical Science

**School:** School of Health - Biomedicine

2025 | Semester 2

UniSC Sunshine Coast  
UniSC Moreton Bay**BLENDED  
LEARNING**

Most of your course is on campus but you may be able to do some components of this course online.

*Please go to [usc.edu.au](http://usc.edu.au) for up to date information on the teaching sessions and campuses where this course is usually offered.*

## 1. What is this course about?

### 1.1. Description

This course develops professional and research skills required for a successful career in biomedical science. You will analyse and evaluate scientific research articles, boosting your problem-solving and critical-thinking skills. You will enhance your communication and interpersonal skills by engaging in different methods of scientific communication, discussing ethical considerations in scientific research and providing self and peer assessment. To improve your employability, you will learn to address selection criteria, an essential skill for successful job applications.

### 1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
<b>BLENDED LEARNING</b>			
<b>Learning materials</b> – Asynchronous, self-directed online learning modules.	2hrs	Week 1	13 times
<b>Tutorial/Workshop 1</b> – On-campus, synchronous interactive workshops	3hrs	Week 1	13 times

### 1.3. Course Topics

- Transferable Skills and Employability
- Searching for, Reading and Critiquing Scientific Literature
- The Role of Communication in Science
- How to Formulate a Research Question
- Experimental Design Strategies
- Importance of Statistics in Scientific Research
- Data Analysis
- Ethics and Integrity in Scientific Research

## 2. What level is this course?

300 Level (Graduate)

Demonstrating coherence and breadth or depth of knowledge and skills. Independent application of knowledge and skills in unfamiliar contexts. Meeting professional requirements and AQF descriptors for the degree. May require pre-requisites where discipline specific introductory or developing knowledge or skills is necessary. Normally undertaken in the third or fourth full-time study year of an undergraduate program.

## 3. What is the unit value of this course?

12 units

## 4. How does this course contribute to my learning?

COURSE LEARNING OUTCOMES	GRADUATE QUALITIES
On successful completion of this course, you should be able to...	Completing these tasks successfully will contribute to you becoming...
1 Analyse and evaluate scientific data and scientific literature	Creative and critical thinker
2 Communicate science to diverse audiences using written and oral methods.	Empowered
3 Generate constructive feedback for self and peer assessment	Creative and critical thinker
4 Display organisational and planning skills for effective autonomous and collaborative learning in group work tasks	Empowered
5 Develop skills to enhance career planning and employability	Empowered
6 Reflect on ethical issues in scientific research.	Ethical

## 5. Am I eligible to enrol in this course?

Refer to the [UniSC Glossary of terms](#) for definitions of “pre-requisites, co-requisites and anti-requisites”.

### 5.1. Pre-requisites

Students must have completed a minimum of 144 units of study and be enrolled in SC355, SC357, SC385, UB001, SC302 or SC301.

### 5.2. Co-requisites

Not applicable

### 5.3. Anti-requisites

Not applicable

### 5.4. Specific assumed prior knowledge and skills (where applicable)

Not applicable

## 6. How am I going to be assessed?

### 6.1. Grading Scale

Standard Grading (GRD)

High Distinction (HD), Distinction (DN), Credit (CR), Pass (PS), Fail (FL).

### 6.2. Details of early feedback on progress

Early feedback will be provided in class from peers and the course coordinator in the week 1, 2, 3 and 4 workshops regarding chosen topics and approaches to all assessment tasks. Formative assessment activities for assessments 1, 2 and 3 will be completed in class. Draft assessment will be submitted for feedback for assessment task 3.

### 6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WEIGHTING %	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Portfolio	Individual	30%	Maximum of 1000 words	Throughout teaching period (refer to Format)	Online Assignment Submission with plagiarism check and in class
All	2	Activity Participation	Individual	30%	10 min presentation + 5 min Q+A	Throughout teaching period (refer to Format)	Online Assignment Submission with plagiarism check and in class
All	3	Literature Review (or component)	Individual and Group	40%	Maximum of 1500 words.	Throughout teaching period (refer to Format)	Online Assignment Submission with plagiarism check

#### All - Assessment Task 1: Employability Tasks

GOAL:	The goal of this portfolio is to provide you the opportunity to reflect on your current skill set by addressing selection criteria for a job that interests you. This is an essential component of successful job applications. You will also reflect on your understanding of research ethics and integrity and answer scenario-based questions.		
PRODUCT:	Portfolio		
FORMAT:	Individual submission of selection criteria with plagiarism check (week 5). Research ethics and integrity scenarios will be responded to in class (week 13). Further details and updates will be provided on the course Canvas site.		
CRITERIA:	No.		Learning Outcome assessed
	1	Developed skills to enhance career planning and employability	5
GENERIC SKILLS:	Communication, Problem solving, Organisation		

#### All - Assessment Task 2: Presentation of an Original Research Journal Article

GOAL:	This individual presentation aims to assess your ability to critically analyse a scientific journal article and communicate your analyses to a general audience. You will develop skills communication and critical analysis.		
PRODUCT:	Activity Participation		
FORMAT:	You will present to the student audience during class (weeks 4-6). Further details and updates will be provided on the course Canvas site.		
CRITERIA:	No.		Learning Outcome assessed
	1	Analysis of scientific data and scientific literature	1
	2	Communication of science to a general audience	2
	3	Reflection of appropriate ethical issues of the data presented	6
	4	Generation of constructive feedback for self and peer assessment	3
	5	Displayed organisational and planning skills for effective autonomous and collaborative learning in group work tasks	4
GENERIC SKILLS:	Communication, Organisation, Applying technologies, Information literacy		

### All - Assessment Task 3: Literature Review

<b>GOAL:</b>	This written article aims to assess your ability to analyse, present and communicate scientific data in an essential format for scientific research. You will develop skills in planning, data analysis, communication and critical literature analysis.		
<b>PRODUCT:</b>	Literature Review (or component)		
<b>FORMAT:</b>	Group submission of a scientific review article (weeks 2, 6, 9-11). Comprehensive instructions, checkpoints, due dates, marking details and updates will be available in the course Canvas site.		
<b>CRITERIA:</b>	<b>No.</b>		<b>Learning Outcome assessed</b>
	1	Analysis of scientific data and scientific literature	1
	2	Communication of science to a scientific audience	2
	3	Reflection of appropriate ethical issues related to the data analysed and presented	6
<b>GENERIC SKILLS:</b>	Communication, Collaboration, Organisation, Information literacy		

## 7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

## 8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

### 8.1. Prescribed text(s) or course reader

There are no required/recommended resources for this course.

### 8.2. Specific requirements

Not applicable

## 9. How are risks managed in this course?

Health and safety risks for this course have been assessed as low. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

## 10. What administrative information is relevant to this course?

### 10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

## 10.2. Assessment: Additional Requirements

### Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

- (a) The final mark is in the percentage range 47% to 49.4%; and
- (b) The course is graded using the Standard Grading scale

## 10.3. Assessment: Submission penalties

Late submissions may be penalised up to and including the following maximum percentage of the assessment task's identified value, with weekdays and weekends included in the calculation of days late:

- (a) One day: deduct 5%;
- (b) Two days: deduct 10%;
- (c) Three days: deduct 20%;
- (d) Four days: deduct 40%;
- (e) Five days: deduct 60%;
- (f) Six days: deduct 80%;
- (g) Seven days: A result of zero is awarded for the assessment task.

The following penalties will apply for a late submission for an online examination:

Less than 15 minutes: No penalty

From 15 minutes to 30 minutes: 20% penalty

More than 30 minutes: 100% penalty

## 10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: [07 5430 1168](tel:0754301168) or using the [SafeZone](#) app. For general enquires contact the SafeUniSC team by phone [07 5456 3864](tel:0754563864) or email [safe@usc.edu.au](mailto:safe@usc.edu.au).

The SafeUniSC Specialist Service is a Student Wellbeing service that provides free and confidential support to students who may have experienced or observed behaviour that could cause fear, offence or trauma. To contact the service call [07 5430 1226](tel:0754301226) or email [studentwellbeing@usc.edu.au](mailto:studentwellbeing@usc.edu.au).

## 10.5. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the [Learning Advisers](#) web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or [studentcentral@usc.edu.au](mailto:studentcentral@usc.edu.au).

## 10.6. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to [Student Hub](#), email [studentwellbeing@usc.edu.au](mailto:studentwellbeing@usc.edu.au) or call 07 5430 1226.

## 10.7. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, [AccessAbility Services](#) can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to [Student Hub](#), email [AccessAbility@usc.edu.au](mailto:AccessAbility@usc.edu.au) or call 07 5430 2890.

## 10.8. Links to relevant University policy and procedures

For more information on Academic Learning & Teaching categories including:

- Assessment: Courses and Coursework Programs
- Review of Assessment and Final Grades
- Supplementary Assessment
- Central Examinations
- Deferred Examinations
- Student Conduct
- Students with a Disability

For more information, visit <https://www.usc.edu.au/explore/policies-and-procedures#academic-learning-and-teaching>

## 10.9. Student Charter

UniSC is committed to excellence in teaching, research and engagement in an environment that is inclusive, inspiring, safe and respectful. The [Student Charter](#) sets out what students can expect from the University, and what in turn is expected of students, to achieve these outcomes.

## 10.10. General Enquiries

### In person:

- **UniSC Sunshine Coast** - Student Central, Ground Floor, Building C, 90 Sippy Downs Drive, Sippy Downs
- **UniSC Moreton Bay** - Service Centre, Ground Floor, Foundation Building, Gympie Road, Petrie
- **UniSC SouthBank** - Student Central, Building A4 (SW1), 52 Merivale Street, South Brisbane
- **UniSC Gympie** - Student Central, 71 Cartwright Road, Gympie
- **UniSC Fraser Coast** - Student Central, Student Central, Building A, 161 Old Maryborough Rd, Hervey Bay
- **UniSC Caboolture** - Student Central, Level 1 Building J, Cnr Manley and Tallon Street, Caboolture

**Tel:** +61 7 5430 2890
