Blended learning - Assessment Task 1: Activity Participation

GOAL:	You will engage in preparation for learning by familiarising yourself with the online learning materials and modules each week. You will engage in self-directed learning through deep engagement with course materials and contribute actively and cooperatively to discussions, learning materials and tutorials. There are also focused participation tasks in weeks 2, 4, 9, and 10. In week 2 you will bring in your PEx file and documentation from your previous PEx and reflect on and share your learnings from the previous semester. You will also engage in peer review of your APST Portfolio and share the evidence you have collected and collated to date. Following this reflection and self-assessment of your portfolios and evidence you will identify your professional learning needs, goals and plans for EDU380. In Week 4 you will bring in your Transition to School Portfolio, that you are developing for Task 3. You will give and receive peer feedback on your Transition to School Portfolio and identify how you will continue to engage with and progress this task. In Week 9 you will actively participate in discussions and EDU380 preparation and use this information discussed to plan for your PEx including familiarising yourself with the PEx Handbook and Final Report, sharing your PEx folder, and identifying possible APSTs to evidence in your APST Portfolio. In Week 10 you will engage in discussion and reflection about your learning in the course and identify your personal and professional learning goals for your upcoming PEx and beyond. You will share resources and ideas for a successful PEx in Prep context.

9. How are risks managed in this course?

Risk assessments have been performed for all field activities and a low level of health and safety risk exists. Some risks concerns may include working in an unknown environment as well as slip and trip hazards. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 5.1.1.3 and 5.1.1.4 of the Grades and Grade Point Average (GPA) - Academic Policy.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

10.3. Assessment: Submission penalties

You must contact your Course Coordinator and provide the required documentation if you require an extension or alternate assessment.

Refer to the Assessment: Courses and Coursework Programs – Procedures.

10.4. Links to relevant University policy and procedures
