**BLENDED
LEARNING**

Most of your course is on campus but you may be able to do some components of this course online.

Please go to unisc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

This course builds capacity to navigate, interpret and implement the Australian Curriculum for Health and Physical Education for junior secondary students (Years 7 - 10). The course will enhance your knowledge and skills in utilising evidence-based pedagogy and curriculum models to inform the design of safe, inclusive and effective sequences of learning which include assessment. You will build skills in planning and teaching both health and physical education lessons in and reflect on your developing teaching practice.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
BLENDED LEARNING			
Learning materials – You are required to engage and interact with asynchronous materials and activities accessed through Canvas modules, course readings and required texts.	2hrs	Week 1	9 times
Tutorial/Workshop 1 – The workshop for this course is synchronous and involves on-campus engagement and application of learning materials. This course will also involve some participation in physical activities to explore the implementation of the Australian Curriculum for HPE.	2hrs	Week 1	10 times

1.3. Course Topics

- Australian Curriculum for Health and Physical Education
- Principles of constructive alignment
- Knowledge of how students learn (memory, spacing, retrieval, cognitive overload)
- Strategies for establishing challenging and achievable learning goals with students
- Teaching strategies that support acquisition of new knowledge (explicit teaching, scaffolding, modelling, worked examples)
- Teaching strategies that support application and utilisation of knowledge (rich investigative tasks, inquiry learning, independent problem solving)
- Ongoing formative (to determine prior knowledge/ misconceptions, evaluate progress and inform pedagogical planning) and summative assessment strategies, including moderation and reporting
- Embedding literacy, numeracy and ICT learning (including safe and ethical use of ICT) in HPE
- Research, theory and policy perspectives on HPE
- Safety, management protocols and risk assessment in HPE
- Aboriginal perspectives and Torres Strait Islander perspectives on HPE
- Inclusion of diverse learners

2. What level is this course?

700 Level (Specialised)

Demonstrating a specialised body of knowledge and set of skills for professional practice or further learning. Advanced application of knowledge and skills in unfamiliar contexts.

3. What is the unit value of this course?

12 units

4. How does this course contribute to my learning?

5. Am I eligible to enrol in this course?

Refer to the [UniSC Glossary of terms](#) for definitions of “pre-requisites, co-requisites and anti-requisites”.

5.1. Pre-requisites

Enrolled in Program ED706 and an HPE Teaching area

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

Not applicable

5.4. Specific assumed prior knowledge and skills (where applicable)

Specialist knowledge of Health and Physical Education from previous undergraduate studies.

5.5. Microcredential Information

Not applicable

6. How am I going to be assessed?

6.1. Grading Scale

Standard Grading (GRD)

High Distinction (HD), Distinction (DN), Credit (CR), Pass (PS), Fail (FL).

6.2. Details of early feedback on progress

During tutorials in weeks 1-3 you will be provided with formative feedback on your HPE planning which relate to tasks 2 and 3. You will also complete a quiz in week 4 (Task 1) where you will receive additional formative feedback.

6.3. Assessment tasks

All - Assessment Task 1: Quiz

GOAL:	To demonstrate your knowledge and understanding of HPE curriculum, pedagogy and assessment in relation to the junior phase of secondary schooling.		
PRODUCT:	Quiz/zes		
AUTHORSHIP STATEMENT:			
FORMAT:	This assessment will be an online quiz. The quiz will focus on weekly online module content and tutorial content covered in weeks 1-4 including course readings. Additional information on the quiz will be provided in the tutorials and on Canvas.		
CRITERIA:	No.		Learning Outcome assessed
	1	Demonstration of knowledge and understanding of teaching and learning strategies, concepts and processes in used in HPE.	1
	2	Demonstration of knowledge and understanding of assessment strategies, concepts and processes in HPE.	1
	3	Demonstration of knowledge of the Australian Curriculum for HPE, Inclusion in HPE and Health Education and Health promotion in secondary schools (approaches, frameworks and theories).	1 2 3
GENERIC SKILLS:	Problem solving, Organisation, Applying technologies, Information literacy		

All - Assessment Task 2: PE lesson planning

GOAL:	The goal of this task is for you to develop your skills in creating and practically implementing inclusive junior secondary PE lessons.	
PRODUCT:	Written Piece	
AUTHORSHIP STATEMENT:		
FORMAT:	<p>This component of the assessment will be completed in groups of three/four. Your group will be allocated one of the four games categories and a secondary year (i.e. 7-10) and are required to plan a 70minute a practical Physical Education (PE) lesson to be delivered in an outdoor environment for a class of 24 students. Your PE lesson plan must include:</p> <ul style="list-style-type: none"> • Learning goals and curriculum alignment • Ways you would cater for different learning needs • Teaching and learning activities (such as: explicit teaching, spacing and retrieval practices, modelling/worked examples, and scaffolding as appropriate), PE protocols and safety considerations • How you would use evidence-based assessment practices to evaluate student learning, adjust instruction, provide targeted feedback and support learning. • Inclusion of Aboriginal or Torres Strait Islander histories/cultures/language and reference to the general capabilities <p>You are also required to plan an indoor (classroom) wet weather alternative lesson to teach the same content. This should provide the students with the same knowledge, understanding and skills as the outdoor practical lesson, activities should be modified to suit the classroom environment.</p> <p>In your allocated tutorial, your group will teach an abbreviated version (max 10-15mins) of the practical lesson that your group designed to your peers. You will be marked on your ability to present the practical lesson and reflect on the experience in Task 3. You will NOT be required to teach the wet-weather alternative lesson. You will be provided with a lesson plan template which will be provided on Canvas.</p>	
CRITERIA:	No.	Learning Outcome assessed
	1	Application and demonstration of knowledge and understanding of Health and Physical Education curriculum, teaching and learning, applied in lesson planning 1 2 3
	2	Utilisation of knowledge and understanding of planning, teaching and assessment in Health and Physical Education 1
	3	Demonstration of ethical conduct and practice and creation of safe and inclusive learning experiences for junior secondary students. 1 3
GENERIC SKILLS:	Communication, Collaboration, Problem solving, Organisation	

All - Assessment Task 3: Mini teach and critical reflection report

GOAL:	To analyse and reflect on lesson planning, experience and professional development.		
PRODUCT:	Creative Performance, and Written Piece		
AUTHORSHIP STATEMENT:			
FORMAT:	<p>You will present a (10-15min) abbreviated version of the lesson you planned with your group in your allocated tutorial. Then individually, you will use the feedback you received from your peers and your own perceptions to reflect on your lesson planning and your teaching experience. Your written personal reflection should include:</p> <ul style="list-style-type: none"> • Critique of how theory, research or pedagogical frameworks informed the design of your lessons. • Evaluate success of strategies and PE protocols used in your teaching • Discussion and justification of inclusive approaches and how ICT would be safely and ethically used in your teaching. • Analyse and evaluate of how you have professionally grown as a result of this experience and what you would change in the future. • Comparison with existing PE literature and recommendations (you can use course readings in your reflection). <p>Task will be written and submitted in Cadmus</p>		
CRITERIA:	No.		Learning Outcome assessed
	1	Application of knowledge and understanding of Health and Physical Education curriculum	1 2
	2	Critical analysis and reflection utilising relevant literature to evaluate curriculum models and recommended safe, inclusive and quality practices.	1 2 3
	3	Justification and discussion of how theory, research or pedagogical frameworks informed the design of your lessons and will inform future practice.	1 2
GENERIC SKILLS:	Communication, Collaboration, Problem solving, Organisation		

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

9. How are risks managed in this course?

Health and safety risks for this course have been assessed as low. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

- (a) The final mark is in the percentage range 47% to 49.4%; and
- (b) The course is graded using the Standard Grading scale

Eligibility for Supplementary Assessment Your eligibility for supplementary assessment in a course is dependent of the following conditions applying: The final mark is in the percentage range 47% to 49.4% The course is graded using the Standard Grading scale You have not failed an assessment task in the course due to academic misconduct
