School: School of Education and Tertiary Access

2023 | Semester 1

UniSC Sunshine Coast
UniSC Moreton Bay

**BLENDED
LEARNING**

Most of your course is on campus but you may be able to do some components of this course online.

Please go to usc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

You will develop a thorough knowledge of the content and scope of the Australian History and Geography curricula for primary schools. You will critically analyse historical perspectives, especially those of Aboriginal and Torres Strait Islander peoples and how diverse Australians have contributed to nation-building. You will conceptualise, plan, and design learning and teaching for students in these curricula areas. You will evaluate how the wider community can assist with your work as a history and geography teacher as well as reflect upon your own professional growth.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
BLENDED LEARNING			
Learning materials – You are required to engage with online learning materials, associated activities and required/recommended course reading materials accessed through Canvas and using the required textbooks.	2hrs	Week 1	10 times
Tutorial/Workshop 1 – Tutorials will be on campus using a mix of synchronous and asynchronous materials and activities accessed through Canvas.	2hrs	Week 1	10 times
Independent Study/Research – In addition to engaging with the online learning materials, tutorial/workshop hours and completion of assessment tasks, you are required to engage in self-directed learning using other course materials via Canvas and engage with current research/readings via USC library databases, required/recommended textbooks and resources. You are expected to cover HASS content knowledge applicable to Years P-6.	3hrs	Week 1	10 times
Seminar – Online	1hr	Week 1	6 times

1.3. Course Topics

All - Assessment Task 2: HASS and Our School

GOAL:	The goal of this task is to demonstrate your ability to identify and apply HASS content and teaching strategies to a professional audience.		
PRODUCT:	Oral and Written Piece		
FORMAT:	<p>You will be allocated a school and year level (F-4) in week 1 and form a teaching team. Your task, as a teaching team, will be to devise ways to engage students in HASS by attending to the sequence of learning from F-4 at your school in a negotiated HASS Strand/s to share with colleagues in a curriculum meeting. Consider how to effectively use slides in PowerPoint to share your message. You will illustrate the development of the HASS Strand/s (and chosen content focus) from F-4 at your school. Your teaching team will collaborate to develop an understanding of the school and local area, then each member will take responsibility for one year level. This development will also consider physical, social, and intellectual development of students and reflect the school data* You will develop four PowerPoint Slides for your year level and submit your presentation individually.</p> <p>Slide 1: Key Questions: What is the school data? What do you need to consider for your year level? Consider: Know your students-what have you learnt about your class from the school data? Demonstrate your understanding of physical, social, and intellectual development and the characteristics of your year level and school (consider the geographic, socio/economic, cultural and historic region of the school). How will this affect student learning and HASS skill development?</p> <p>Slide 2: Key Questions: Which inquiry model have you chosen and why? How will this model be appropriate for your school and year level? Consider: Know the content and how to teach it- Describe your chosen inquiry model. Demonstrate how you would apply this model to your classroom. How does it connect to the chosen area of HASS?</p> <p>Slide 3: Key Questions: What classroom strategies will you use to enhance learning in HASS? How are the approaches appropriate for the developmental, social and intellectual requirements of the year level? Consider: How will you plan for and implement effective teaching and learning: Describe the sequence of learning in HASS related to your chosen HASS strand/s. Provided classroom strategies specific to your level. How would you teach this content?</p> <p>Slide 4: Key Questions: What classroom resources would you employ? What references have you used to justify your choices? Consider: Academic references, teacher resources for the classroom and for teacher professional development, community/state resources/links related to the content area.</p>		
CRITERIA:	No.		Learning Outcome assessed
	1	Application and explanation of HASS content, curriculum, pedagogy and assessment to the work of teaching primary HASS	1 2 3
	2	Creation of communication using credible sources	1 2 3 4 5
	3	Justification of teaching and assessment activities that engage learners in HASS inquiry	4
GENERIC SKILLS:	Communication, Problem solving		

All - Assessment Task 3: Fieldwork teaching and assessment portfolio

GOAL:	The goal of this task is to demonstrate your ability to explain, analyse and evaluate the application of curriculum, pedagogy and assessment decision making in the context of Primary HASS.
PRODUCT:	Portfolio

FORMAT:

You will create a portfolio recording evidence to showcase your development of an inquiry-based fieldwork task, lessons and assessment for Year 5 or Year 6 at your Task 1 school. You will consider HASS curriculum content, relevant achievement standard, school data, planning for learning and assessment and professional growth planning. Explain and justify your pedagogical and discipline specific choices based on the Australian Curriculum and academic literature. You will reflect on the potential challenges you may face as a beginning teacher. You will create a brief unit plan and elaborate on three sequenced lessons from the plan.

Your portfolio will include:

School and class focus:

Analysis of the school data and profile, describing the implications on the chosen year level.

Identify the available classroom level data you would have available as the classroom teacher before teaching and assessment commences for this task.

Describe how you might use this data with your year level.

Fieldwork and assessment task:

Describe the field work experience and assessment task, including curriculum connections

Include HASS achievement standard for relevant year level

Construct a brief ten-week unit plan situating the sequence of three lesson, fieldwork, and assessment task

Sequence of three lessons:

Identify curriculum descriptions

Create objectives that are relevant and related to the subject and assessment

Demonstrate HASS specific pedagogy

Apply a range of teaching strategies and resources including literacy, numeracy, ICT. Include strategies to promote student participation and engagement.

Professional knowledge and practice:

Reflect on the challenges and considerations required to achieve the fieldwork and task, from the perspective of a beginning teacher in the location

Analyse the challenges and explain ways you might improve your HASS teaching practice

Analyse and explain the value of a range of sources for professional knowledge and practice development, reflect on the role of the APST and professional feedback.

Describe your pedagogy in a mind map

CRITERIA:	No.	Learning Outcome assessed
	1 Application and explanation of HASS content and curriculum	1
	2 Application and explanation of HASS pedagogy, inquiry, skills development, literacy, numeracy and use of ICT to engage students.	2 3
	3 Planning and explanation of data use, pedagogy and assessment decision making in HASS	4
	4 Analysis and evaluation of the value of teacher professional development	5
	5 Creation of communication using credible sources	1 2 3 4 5
GENERIC SKILLS:	Communication, Problem solving	

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

Please note that you need to have regular access to the resource(s) listed below. Resources may be required or recommended.

8.2. Specific requirements

It is expected that all students will have access to electronic devices and suitable internet access to engage with the course materials. Bring Your Own Device (BYOD) is necessary for each tutorial session. Access to a mobile device with a camera and microphone is recommended. Exams will be undertaken using a BYOD.

9. How are risks managed in this course?

Health and safety risks for this course have been assessed as low. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

The final mark is in the percentage range 47% to 49.4%

The course is graded using the Standard Grading scale

You have not failed an assessment task in the course due to academic misconduct

10.3. Assessment: Submission penalties

Late submission of assessment tasks may be penalised at the following maximum rate:

- 5% (of the assessment task's identified value) per day for the first two days from the date identified as the due date for the assessment task.

- 10% (of the assessment task's identified value) for the third day - 20% (of the assessment task's identified value) for the fourth day and subsequent days up to and including seven days from the date identified as the due date for the assessment task.

- A result of zero is awarded for an assessment task submitted after seven days from the date identified as the due date for the assessment task. Weekdays and weekends are included in the calculation of days late. To request an extension you must contact your course coordinator to negotiate an outcome.

10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: [07 5430 1168](tel:0754301168) or using the [SafeZone](#) app. For general enquires contact the SafeUniSC team by phone [07 5456 3864](tel:0754563864) or email safe@usc.edu.au.
