

COURSE OUTLINE

ENS305 Environmental Chemistry

School: School of Science, Technology and Engineering

2025 Semester 2

UniSC Sunshine Coast UniSC Moreton Bay

BLENDED LEARNING You can do this course without coming onto campus, unless your program has specified a mandatory onsite requirement.

Please go to usc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

This course focuses on chemical processes in the environment and their analyses. Laboratory work focuses on methods development and evaluation and the analysis of environmental samples. Students evaluate the results of their analyses in a scientific manner.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
BLENDED LEARNING			
Learning materials – Learning Materials are available online and delivered asynchronously. Learning Materials consist primarily of formative quizzes and interactive screencasts. Other available materials include simulations and on-line demonstrations.	2hrs	Week 1	13 times
Laboratory 1 – Laboratory work is conducted face-to-face on- campus. Each practical session is thematically linked to theoretical material covered in the screencasts. Students are expected to work in teams during practical sessions.	3hrs	Week 1	6 times
Tutorial/Workshop 1 – Tutorials are delivered face-to-face on- campus. Tutorials consist of focus questions and group work.	2hrs	Week 1	7 times

1.3. Course Topics

- · Overview of Environmental Chemistry
- Atmospheric Chemistry
- Soil Chemistry
- · Aquatic Chemistry
- Microbial transformations
- Pollution
- Heavy Metals and Organics
- Bioremediation
- Emerging pollutants
- Global environmental challenges

2. What level is this course?

300 Level (Graduate)

Demonstrating coherence and breadth or depth of knowledge and skills. Independent application of knowledge and skills in unfamiliar contexts. Meeting professional requirements and AQF descriptors for the degree. May require pre-requisites where discipline specific introductory or developing knowledge or skills is necessary. Normally undertaken in the third or fourth full-time study year of an undergraduate program.

3. What is the unit value of this course?

12 units

4. How does this course contribute to my learning?

COU	RSE LEARNING OUTCOMES	GRADUATE QUALITIES
Ons	successful completion of this course, you should be able to	Completing these tasks successfully will contribute to you becoming
1	Propose and justify ethical, sustainability-focussed solutions to current and potential environmental chemistry problems	Ethical Sustainability-focussed
2	Demonstrate and apply knowledge of environmental chemistry incorporating regional and global perspectives	Knowledgeable
3	Design, optimise and demonstrate environmental chemistry experiments	Empowered Engaged
4	Communicate in scientific writing and orally (to post graduate students and staff)	Empowered

5. Am I eligible to enrol in this course?

Refer to the UniSC Glossary of terms for definitions of "pre-requisites, co-requisites and anti-requisites".

5.1. Pre-requisites

SCI105

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

Not applicable

5.4. Specific assumed prior knowledge and skills (where applicable)

Not applicable

6. How am I going to be assessed?

6.1. Grading Scale

Standard Grading (GRD)

High Distinction (HD), Distinction (DN), Credit (CR), Pass (PS), Fail (FL).

6.2. Details of early feedback on progress

Early feedback is supplied by way of formative assessment in the first few weeks of semester.

6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WEIGHTING %	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Examination - not Centrally Scheduled	Individual	25%	1 hour, <1000 words	Week 6	Online Test (Quiz)
All	2	Report	Individual or Group	35%	1 x 2000 words	Week 13	Online Assignment Submission with plagiarism check
All	3	Examination - Centrally Scheduled	Individual	40%	2 hours < 1500 words	Exam Period	Online Test (Quiz)

All - Assessment Task 1: Mid-semester exam

GOAL:	Demonstrate and apply knowledge of environmental chemistry and propose and justify solutions to problems					
PRODUCT:	Examination - not Centrally Scheduled					
FORMAT:	Short and extended answer, problem solving, calculations based on material from learning material, tutorials, laboratory activities to date.					
CRITERIA:	No.	Learning Outcome assessed				
	1 Apply and discuss key concepts in relation to environmental chemistry and sustainability.	1				
	2 Effectively communicate both orally and in scientific writing.	4				
GENERIC SKILLS:	Collaboration					

All - Assessment Task 2: Scientific report

GOAL:	Produce environmental chemistry data (from field samples and laboratory experiments) to write a report.					
PRODUCT:	Report					
FORMAT:	Title, abstract, introduction, methods, results, discussion, conclusion, references.Report submitted through Turnitin.					
CRITERIA:	No.	Learning Outcome assessed				
	1 Analyse environmental chemistry information in formal contexts.	3				
	2 Analyse data and effectively communicate.	4				
GENERIC SKILLS:						

All - Assessment Task 3: Final Exam

GOAL:	Demonstrate and apply knowledge of environmental chemistry and propose and justify solutions to problems					
PRODUCT:	Examination - Centrally Scheduled					
FORMAT:	Short and extended answer, problem solving, calculations based on material from the learning materials, tutorials, laboratory and field activities.					
CRITERIA:		Learning Outcome assessed				
	Demonstrate and apply knowledge of environmental chemistry incorporating regional and global perspectives	124				
	2 Propose and justify ethical, sustainability-focused solutions to current and potential environmental chemistry problems	024				
GENERIC SKILLS:						

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site—Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

Please note that you need to have regular access to the resource(s) listed below. Resources may be required or recommended.

REQUIRED?	AUTHOR	YEAR	TITLE	EDITION	PUBLISHER
Recommended	Colin Baird,Michael Cann	2012	Environmental Chemistry	5th Edition	W. H. Freeman

8.2. Specific requirements

Laboratory coat, safety glasses, closed in footwear for laboratory.

9. How are risks managed in this course?

Risk assessments have been performed for all laboratory classes and a moderate level of health and safety risk exists. Moderate risks are those associated with laboratory work such as working with chemicals and hazardous substances. You will be required to undertake laboratory induction training and it is also your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the online induction training for students, and following the instructions of the University staff

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

- (a) The final mark is in the percentage range 47% to 49.4%; and
- (b) The course is graded using the Standard Grading scale

10.3. Assessment: Submission penalties

Late submissions may be penalised up to and including the following maximum percentage of the assessment task's identified value, with weekdays and weekends included in the calculation of days late:

- (a) One day: deduct 5%;
- (b) Two days: deduct 10%;
- (c) Three days: deduct 20%;
- (d) Four days: deduct 40%;
- (e) Five days: deduct 60%;
- (f) Six days: deduct 80%;
- (g) Seven days: A result of zero is awarded for the assessment task.

The following penalties will apply for a late submission for an online examination:

Less than 15 minutes: No penalty

From 15 minutes to 30 minutes: 20% penalty More than 30 minutes: 100% penalty

10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: <u>07 5430 1168</u> or using the <u>SafeZone</u> app. For general enquires contact the SafeUniSC team by phone <u>07 5456 3864</u> or email <u>safe@usc.edu.au</u>.

The SafeUniSC Specialist Service is a Student Wellbeing service that provides free and confidential support to students who may have experienced or observed behaviour that could cause fear, offence or trauma. To contact the service call <a href="mailto:organized-nature-natur

10.5. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the <u>Learning Advisers</u> web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or studentcentral@usc.edu.au.

10.6. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to Student Hub, email studentwellbeing@usc.edu.au or call 07 5430 1226.

10.7. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, AccessAbility Services can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to Student Hub, email AccessAbility@usc.edu.au or call 07 5430 2890.

10.8. Links to relevant University policy and procedures

For more information on Academic Learning & Teaching categories including:

- Assessment: Courses and Coursework Programs
- Review of Assessment and Final Grades
- Supplementary Assessment
- Central Examinations
- Deferred Examinations
- Student Conduct
- · Students with a Disability

For more information, visit https://www.usc.edu.au/explore/policies-and-procedures#academic-learning-and-teaching

10.9. Student Charter

UniSC is committed to excellence in teaching, research and engagement in an environment that is inclusive, inspiring, safe and respectful. The <u>Student Charter</u> sets out what students can expect from the University, and what in turn is expected of students, to achieve these outcomes.

10.10.General Enquiries

In person:

- o **UniSC Sunshine Coast** Student Central, Ground Floor, Building C, 90 Sippy Downs Drive, Sippy Downs
- UniSC Moreton Bay Service Centre, Ground Floor, Foundation Building, Gympie Road, Petrie
- o UniSC SouthBank Student Central, Building A4 (SW1), 52 Merivale Street, South Brisbane
- UniSC Gympie Student Central, 71 Cartwright Road, Gympie
- UniSC Fraser Coast Student Central, Student Central, Building A, 161 Old Maryborough Rd, Hervey Bay
- UniSC Caboolture Student Central, Level 1 Building J, Cnr Manley and Tallon Street, Caboolture
