All - Assessment Task 3: Research Project

GOAL:	To demonstrate knowledge, advanced historical research skills, apply concepts and communicate these through a report or proposal for a heritage precinct or trail in the Sunshine Coast or Moreton Bay region.		
PRODUCT:	Report		

FORMAT:

2250 word report to Council on a proposed heritage precinct in the Sunshine Coast or Moreton Bay region (Bachelor of Regional and Urban Planning students only).

OR

2250 word proposal for a heritage trail in the Sunshine Coast or Moreton Bay region (all other students).

Bachelor of Regional and Urban Planning Students ONLY:

Using the same area/region chosen for Assessment Task 2 (above), students will produce a 2250 word report for Council that considers the potential of the area/region as a heritage precinct.

The report should include:

An introduction to the proposal and its aims (executive summary);

A concise history and description of the area/region and identified heritage places (including photos and maps where appropriate);

A brief explanation of what heritage is (general concepts) and why it's important for present and future generations;

A brief explanation of the heritage legislation and planning contexts applicable to the area/region (including a summary of the Council's management of heritage in the Planning Scheme);

A brief explanation of what heritage precincts are and why they are beneficial (using real-world examples/secondary sources to support this); and

Recommendations for the creation of a heritage precinct in the researched area/region, including: Boundaries for the precinct, key heritage places within the precinct, methods for promoting/showcasing this precinct for locals and visitors, and a discussion of the potential benefits and challenges this precinct might have for the Council and community.

All other students:

Using the same area/region chosen for Assessment Task 2 (above), students will produce a 2250 word proposal for a heritage trail in the area/region.

The proposal should include:

An introduction to the proposal and its aims (executive summary);

A concise history and description of the area/region and identified heritage places (including photos, maps, evidence from primary sources, etc.);

A brief explanation of what heritage is (general concepts) and why it's important for present and future generations;

A brief explanation of the heritage legislation applicable to the area/region (and related principles of heritage conservation and interpretation);

A brief explanation of what heritage trails are and why they are beneficial (using real-world examples/secondary sources to support this); and

A proposal for the creation of a heritage trail in the researched area/region, including: Recommendations for the format of the trail (e.g. paper pamphlet, booklet, website, mobile phone app), an explanation of why this format was chosen, an explanation of target audience for trail, and proposed path of the trail and key heritage places along it.

ALL STUDENTS PLEASE NOTE:

The report/proposal should build upon and extend the research/findings presented for Assessment Task 2, rather than simply repeating or duplicating material from Task 2.

The report/proposal must demonstrate academic integrity, using appropriate academic language and formatting. All primary sources must be referenced and, if using images, labelled. All secondary sources must be scholarly in nature, with referencing for direct quotes, indirect (paraphrased) quotes/ideas, and any historical information located during research for this project. A reference list must be provided at the end of the document, but will not be included in the report/proposal word count.

Appendices can be used sparingly, but will not be included in the report/proposal word count.

The referencing style used should be Harvard, APA, or Chicago 17A.

It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

- (a) The final mark is in the percentage range 47% to 49.4%; and
- (b) The course is graded using the Standard Grading scale

10.3. Assessment: Submission penalties

Late submissions may be penalised up to and including the following maximum percentage of the assessment task's identified value, with weekdays and weekends included in the calculation of days late:

- (a) One day: deduct 5%;
- (b) Two days: deduct 10%;
- (c) Three days: deduct 20%;
- (d) Four days: deduct 40%;
- (e) Five days: deduct 60%;
- (f) Six days: deduct 80%;
- (g) Seven days: A result of zero is awarded for the assessment task.

The following penalties will apply for a late submission for an online examination:

Less than 15 minutes: No penalty

From 15 minutes to 30 minutes: 20% penalty

More than 30 minutes: 100% penalty
