

ICT320 Database Programming

School: School of Science, Technology and Engineering

2024 | Semester 2

UniSC Sunshine Coast
UniSC Moreton Bay

BLENDED
LEARNING

Most of your course is on campus but you may be able to do some components of this course online.

Online

ONLINE

You can do this course without coming onto campus.

Please go to usc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

This course provides you with advanced database concepts including advanced SQL and industrial database application domains. The course expands on topics in ICT211, adds advanced SQL concepts and develops practical database programming skills. It begins with a review of the database environment, adding indexes and optimisation. The second part of the course focuses on applying the skills to real world applications including integrating databases with applications, big data, and graphing and geo-spatial databases.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
BLENDED LEARNING			
Learning materials – Pre-recorded concept videos and associated activity	1hr	Week 1	13 times
Tutorial/Workshop 1 – In-class tutorial	2hrs	Week 1	13 times
ONLINE			
Learning materials – Pre-recorded concept videos and associated activity	1hr	Week 1	13 times
Tutorial/Workshop 1 – Interactive zoom tutorial	2hrs	Week 1	13 times

1.3. Course Topics

Review – Data models and ER modeling

SQL review

Advanced SQL – procedures, functions, triggers, views

Advanced SQL – performance tuning and query optimisation

Distributed database management systems

Introduction to Big data and NoSQL

Key-value databases – Redis

Graphing databases – Neo4j

Document databases – MongoDB

2. What level is this course?

300 Level (Graduate)

Demonstrating coherence and breadth or depth of knowledge and skills. Independent application of knowledge and skills in unfamiliar contexts. Meeting professional requirements and AQF descriptors for the degree. May require pre-requisites where discipline specific introductory or developing knowledge or skills is necessary. Normally undertaken in the third or fourth full-time study year of an undergraduate program.

3. What is the unit value of this course?

12 units

4. How does this course contribute to my learning?

COURSE LEARNING OUTCOMES	GRADUATE QUALITIES
On successful completion of this course, you should be able to...	Completing these tasks successfully will contribute to you becoming...
1 Creation of systems.	Creative and critical thinker
2 Apply initiative to solving problems competently in the discipline.	Creative and critical thinker Empowered
3 Apply written communication skills to specific problems.	Knowledgeable Engaged
4 Apply discipline specific knowledge and skills to problems.	Knowledgeable Creative and critical thinker
5 Understand sustainability issues within the discipline.	Sustainability-focussed

5. Am I eligible to enrol in this course?

Refer to the [UniSC Glossary of terms](#) for definitions of “pre-requisites, co-requisites and anti-requisites”.

5.1. Pre-requisites

ICT211 and ICT112

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

Not applicable

5.4. Specific assumed prior knowledge and skills (where applicable)

Not applicable

6. How am I going to be assessed?

6.1. Grading Scale

Standard Grading (GRD)

High Distinction (HD), Distinction (DN), Credit (CR), Pass (PS), Fail (FL).

6.2. Details of early feedback on progress

Early feedback will be provided in the weekly workshops.

6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WEIGHTING %	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Examination - not Centrally Scheduled	Individual	10%	60 minutes	Week 5	Online Test (Quiz)
All	2	Artefact - Technical and Scientific, and Written Piece	Individual	40%	1000 words	Week 9	Online Assignment Submission with plagiarism check
All	3	Artefact - Technical and Scientific, and Written Piece	Individual	50%	1500-2000 words	Exam Period	Online Assignment Submission with plagiarism check

All - Assessment Task 1: Database Exam

GOAL:	Demonstrate understanding of databases		
PRODUCT:	Examination - not Centrally Scheduled		
FORMAT:	An examination will be held in week 5. This is an individual assessment		
CRITERIA:	No.		Learning Outcome assessed
	1	Demonstrated understanding of databases relevant to the weekly content covered.	2 4
GENERIC SKILLS:	Problem solving, Applying technologies		

All - Assessment Task 2: Database Programming

GOAL:	Application of database programming skills to solve complex data management challenges, ensuring efficient retrieval of information for a given case/scenario.		
PRODUCT:	Artefact - Technical and Scientific, and Written Piece		
FORMAT:	Written report and database code/file.		
CRITERIA:	No.		Learning Outcome assessed
	1	Demonstrate knowledge and application of database skills.	2 4
GENERIC SKILLS:	Communication, Problem solving, Applying technologies		

All - Assessment Task 3: Written report and database code/file.

GOAL:	Insightful analysis of the given problem Design completeness and accuracy Correctness and completeness of the implementation of code Effective written communication and report presentation												
PRODUCT:	Artefact - Technical and Scientific, and Written Piece												
FORMAT:	Written report and database code/file.												
CRITERIA:	<table border="1"><thead><tr><th>No.</th><th></th><th>Learning Outcome assessed</th></tr></thead><tbody><tr><td>1</td><td>Critically analyse data requirements and construct an optimised database schema that exemplifies data integrity and efficiency.</td><td>1 5</td></tr><tr><td>2</td><td>Evaluate data retrieval needs and implement advanced queries</td><td>2 4</td></tr><tr><td>3</td><td>Apply written communication skills through the use of concise documentation and coherent report writing to address the given problem</td><td>3</td></tr></tbody></table>	No.		Learning Outcome assessed	1	Critically analyse data requirements and construct an optimised database schema that exemplifies data integrity and efficiency.	1 5	2	Evaluate data retrieval needs and implement advanced queries	2 4	3	Apply written communication skills through the use of concise documentation and coherent report writing to address the given problem	3
No.		Learning Outcome assessed											
1	Critically analyse data requirements and construct an optimised database schema that exemplifies data integrity and efficiency.	1 5											
2	Evaluate data retrieval needs and implement advanced queries	2 4											
3	Apply written communication skills through the use of concise documentation and coherent report writing to address the given problem	3											
GENERIC SKILLS:	Communication, Problem solving, Applying technologies, Information literacy												

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

Please note that you need to have regular access to the resource(s) listed below. Resources may be required or recommended.

REQUIRED?	AUTHOR	YEAR	TITLE	EDITION	PUBLISHER
Required	Carlos Coronel,Steven Morris	2018	Database Systems: Design, Implementation, & Management	n/a	Cengage Learning

8.2. Specific requirements

Not applicable

9. How are risks managed in this course?

Health and safety risks for this course have been assessed as low. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

The final mark is in the percentage range 47% to 49.4%

The course is graded using the Standard Grading scale

You have not failed an assessment task in the course due to academic misconduct

10.3. Assessment: Submission penalties

Late submission of assessment tasks may be penalised at the following maximum rate:

- 5% (of the assessment task's identified value) per day for the first two days from the date identified as the due date for the assessment task.

- 10% (of the assessment task's identified value) for the third day - 20% (of the assessment task's identified value) for the fourth day and subsequent days up to and including seven days from the date identified as the due date for the assessment task.

- A result of zero is awarded for an assessment task submitted after seven days from the date identified as the due date for the assessment task. Weekdays and weekends are included in the calculation of days late. To request an extension you must contact your course coordinator to negotiate an outcome.

10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: [07 5430 1168](tel:0754301168) or using the [SafeZone](#) app. For general enquires contact the SafeUniSC team by phone [07 5456 3864](tel:0754563864) or email safe@usc.edu.au.

The SafeUniSC Specialist Service is a Student Wellbeing service that provides free and confidential support to students who may have experienced or observed behaviour that could cause fear, offence or trauma. To contact the service call [07 5430 1226](tel:0754301226) or email studentwellbeing@usc.edu.au.

10.5. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the [Learning Advisers](#) web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or studentcentral@usc.edu.au.

10.6. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to [Student Hub](#), email studentwellbeing@usc.edu.au or call 07 5430 1226.

10.7. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, [AccessAbility Services](#) can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to [Student Hub](#), email AccessAbility@usc.edu.au or call 07 5430 2890.

10.8. Links to relevant University policy and procedures

For more information on Academic Learning & Teaching categories including:

- Assessment: Courses and Coursework Programs
- Review of Assessment and Final Grades
- Supplementary Assessment
- Central Examinations
- Deferred Examinations
- Student Conduct
- Students with a Disability

For more information, visit <https://www.usc.edu.au/explore/policies-and-procedures#academic-learning-and-teaching>

10.9. Student Charter

UniSC is committed to excellence in teaching, research and engagement in an environment that is inclusive, inspiring, safe and respectful. The [Student Charter](#) sets out what students can expect from the University, and what in turn is expected of students, to achieve these outcomes.

10.10. General Enquiries

In person:

- **UniSC Sunshine Coast** - Student Central, Ground Floor, Building C, 90 Sippy Downs Drive, Sippy Downs
- **UniSC Moreton Bay** - Service Centre, Ground Floor, Foundation Building, Gympie Road, Petrie
- **UniSC SouthBank** - Student Central, Building A4 (SW1), 52 Merivale Street, South Brisbane
- **UniSC Gympie** - Student Central, 71 Cartwright Road, Gympie
- **UniSC Fraser Coast** - Student Central, Student Central, Building A, 161 Old Maryborough Rd, Hervey Bay
- **UniSC Caboolture** - Student Central, Level 1 Building J, Cnr Manley and Tallon Street, Caboolture
