1. What is this course about?**1.1. Description**

In your first nursing practice course you will apply the professional principles, and foundation knowledge and skills that you have been learning. In a two week (80 hours) supervised and assessed placement you will have the opportunity to care for older people who live in community residential care settings. You will be supported and supervised by experienced practitioners and engage with a range of health professionals. You will critically self-appraise your practice. Your facilitator will evaluate your work using the accepted nursing standards for practice at a level consistent with an introductory nursing student.

All	1	Placement performance	Individual	As required. Notation in each area of ANSAT tool	Refer to Format	SONIA

All - Assessment Task 1: Assessment of clinical practice

GOAL:	The purpose of this assessment is for you to demonstrate completion of allocated placement hours for this course and satisfactory competency based on the NMBA National Standards for Practice for Registered Nurses at an introductory student level and as measured using the Australian Nursing Standards Assessment Tool (ANSAT).		
PRODUCT:	Placement performance		
FORMAT:	<p>You will have a progressive assessment of practice which provides you with the opportunity to work with your facilitator to reflect on your practice during the initial period of the placement, review your progress against the criteria using the Australian Nursing Standards Assessment Tool (ANSAT), and develop a plan to support your successful completion of this work integrated learning experience. The course coordinator will review the completed progressive ANSAT tool.</p> <p>Please note: You will also receive ongoing feedback throughout your placement as a formative and developmental process. If you are not meeting satisfactory Standards for Practice at any point, learning processes will be implemented to guide and support you to satisfactorily meet each standard. Unsatisfactory behaviours which put patient/client safety at risk or practices that do not adhere with the NMBA Code of Conduct for nurses and/or ICN Code of Ethics may result in removal from placement at any time during the clinical placement and failure of the course. If a learning plan is required during your placement you must meet all the requirements and standards for practice at a satisfactory level to proceed to a final assessment.</p> <p>Finalisation of assessment: The clinical facilitator/preceptor will use the ANSAT to finalise the assessment. You need to complete all the required hours and meet a satisfactory level of achievement in all standards for practice. The summative ANSAT will be submitted to the course coordinator for final judgement. Ultimate accountability for assessing students in relation to clinical practice (WIL) resides with the course coordinator and results and course grades are finalised through the USC assessment policy and procedures.</p>		
CRITERIA:	No.		Learning Outcome assessed
	1	Practice behaviours as measured against NMBA Registered Nurse Standards for Practice and as detailed in the assessment tool	1
	2	Evidence of adherence to Code of Conduct for Nurses and Code of Ethics for Nurses criteria and standards	2

Risk assessments have been performed for all field activities and low to moderate levels of health and safety risk exists. Moderate risks may include working in an Australian bush setting, working with people, working outside normal office hours for example. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Limited Graded Course:

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 4.1.3 and 4.1.4 of the Grades and Grade Point Average (GPA) - Institutional Operating Policy of the USC.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

10.3. Assessment: Submission penalties

You must contact your Course Coordinator and provide the required documentation if you require an extension or alternate assessment.
