

NUR141 Introduction to Nursing Practice

School: School of Health - Nursing

2025 | Semester 2

UniSC Sunshine Coast
UniSC Moreton Bay
UniSC Caboolture

**BLENDED
LEARNING**

You can do this course without coming onto campus, unless your program has specified a mandatory onsite requirement.

Please go to usc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

In this introductory course, you will develop, foundational nursing knowledge and skills using a person-centred approach. This is underpinned by the National Safety and Quality Health Service Standards and Aged Care Quality Standards. You will develop your critical thinking and problem-solving skills in tutorials and the nursing laboratory. In a 80 hour professional experience placement, you will have the opportunity to provide care for people in aged care and community residential care settings. You will be supported and supervised by experienced practitioners. You will critically appraise your practice and your facilitator will evaluate your performance using the NMBA Registered nurse standards for practice at an introductory level.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
BLENDED LEARNING			
Learning materials – Online asynchronous learning and teaching recording.	1hr	Week 1	13 times
Tutorial/Workshop 1 – On campus tutorial	2hrs	Week 1	13 times
Laboratory 1 – Nursing laboratory For some Moreton Bay students this Lab will be taught at UniSC Caboolture.	2hrs	Week 1	13 times
Tutorial/Workshop 2 – One 6 hour workshop prior to commencing nursing placement	6hrs	Not applicable	Once Only
Placement – PEP	80hrs	Refer to Format	Once Only

1.3. Course Topics

Foundational nursing knowledge and skills using a person-centred approach

Person centred assessment

Preparation for practice in aged care and community residential care settings.

Introduction to NSQHS, ACQ standards.

The role of nursing in contemporary health care. Leadership and advocacy.

Mathematical concepts to support medication administration

NMBA Registered nurse standards for practice

Professional Experience Placement.

2. What level is this course?

100 Level (Introductory)

Engaging with discipline knowledge and skills at foundational level, broad application of knowledge and skills in familiar contexts and with support. Limited or no prerequisites. Normally, associated with the first full-time study year of an undergraduate program.

3. What is the unit value of this course?

12 units

4. How does this course contribute to my learning?

COURSE LEARNING OUTCOMES	GRADUATE QUALITIES MAPPING	PROFESSIONAL STANDARD MAPPING *
On successful completion of this course, you should be able to...	Completing these tasks successfully will contribute to you becoming...	Nursing and Midwifery Board of Australia
1 Interpret and use evidence and critical thinking skills in person-centred assessment and care planning that are appropriate for the person's identity, culture, and experiences.	Creative and critical thinker	1.1, 1.2, 1.3, 1.5, 2.2, 2.3, 4.1, 4.2, 4.4, 5.2
2 Demonstrate effective communication when applying nursing knowledge to assessment and care planning.	Knowledgeable Creative and critical thinker	1.4, 1.5, 1.6, 2.1, 2.5, 4.3
3 Demonstrate knowledgeable, safe nursing practice within the multidisciplinary team in a simulated environment.	Creative and critical thinker	1.4, 1.6, 2.1, 2.2, 2.5, 3.4, 4.3, 5.1, 5.2, 5.3, 5.4
4 Demonstrate a satisfactory level of nursing practice according to the NMBA Registered nurse standards for practice at an introductory student level.	Ethical Engaged	1, 2, 3, 4, 5, 6, 7
5 Know and behave in accordance with the NMBA Code of Conduct for nurses and ICN Code of Ethics.	Ethical Engaged	1.4, 1.5, 2.9, 3.4, 6.2
6 Have completed the allocated practice hours for the course.	Engaged	1.2, 1.4, 1.5, 2.8, 3.3, 3.6, 5.1, 5.2, 5.3, 5.4, 6.2, 6.5
7 Apply principles and practices of academic writing and referencing	Knowledgeable Ethical	
8 Demonstrate ethical use of intellectual property	Ethical	

* Competencies by Professional Body

CODE	COMPETENCY
NURSING AND MIDWIFERY BOARD OF AUSTRALIA	
1	Standard 1: Thinks critically and analyses nursing practice
1.1	The RN accesses, analyses, and uses the best available evidence, that includes research findings for safe quality practice
1.2	The RN develops practice through reflection on experiences, knowledge, actions, feelings and beliefs to identify how these shape practice
1.3	The RN 1.3 respects all cultures and experiences, which includes responding to the role of family and community that underpin the health of Aboriginal and Torres Strait Islander peoples and people of other cultures
1.4	The RN complies with legislation, common law, policies, guidelines and other standards or requirements relevant to the context of practice when making decisions
1.5	The RN uses ethical frameworks when making decisions
1.6	The RN maintains accurate, comprehensive and timely documentation of assessments, planning, decision- making, actions and evaluations
2	Standard 2: Engages in therapeutic and professional relationships
2.1	The RN establishes, sustains and concludes relationships in a way that differentiates the boundaries between professional and personal relationships
2.2	The RN communicates effectively, and is respectful of a person's dignity, culture, values, beliefs and rights
2.3	The RN recognises that people are the experts in the experience of their life
2.5	The RN advocates on behalf of people in a manner that respects the person's autonomy and legal capacity
2.8	The RN participates in and/or leads collaborative practice
2.9	The RN reports notifiable conduct of health professionals, health workers and others.
3	Standard 3: Maintains the capability for practice
3.3	The RN uses a lifelong learning approach for continuing professional development of self and others
3.4	The RN accepts accountability for decisions, actions, behaviours and responsibilities inherent in their role, and for the actions of others to whom they have delegated responsibilities
3.6	The RN actively engages with the profession
4	Standard 4: Comprehensively conducts assessments
4.1	The RN conducts assessments that are holistic as well as culturally appropriate
4.2	The RN uses a range of assessment techniques to systematically collect relevant and accurate information and data to inform practice
4.3	The RN works in partnership to determine factors that affect, or potentially affect, the health and well being of people and populations to determine priorities for action and/or for referral
4.4	The RN assesses the resources available to inform planning
5	Standard 5: Develops a plan for nursing practice
5.1	The RN uses assessment data and best available evidence to develop a plan
5.2	The RN collaboratively constructs nursing practice plans until contingencies, options priorities, goals, actions, outcomes and timeframes are agreed with the relevant persons
5.3	The RN documents, evaluates and modifies plans accordingly to facilitate the agreed outcomes
5.4	The RN plans and negotiates how practice will be evaluated and the time frame of engagement
6	Standard 6: Provides safe, appropriate and responsive quality nursing practice
6.2	The RN practises within their scope of practice

CODE	COMPETENCY
6.5	The RN practises in accordance with relevant nursing and health guidelines, standards, regulations and legislation
7	Standard 7: Evaluates outcomes to inform nursing practice

5. Am I eligible to enrol in this course?

Refer to the [UniSC Glossary of terms](#) for definitions of “pre-requisites, co-requisites and anti-requisites”.

5.1. Pre-requisites

Enrolled in Program SC392

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

Not applicable

5.4. Specific assumed prior knowledge and skills (where applicable)

Not applicable

6. How am I going to be assessed?

6.1. Grading Scale

Limited Grading (PNP)

Pass (PU), Fail (UF). All assessment tasks are required to be passed for successful completion of the course.

6.2. Details of early feedback on progress

NUR141 - Introduction to Nursing Practice will include early assessment (not a substantial assessment task) that provides formative feedback on academic progress, including identifying the need for additional support. In week 3 of this course you will demonstrate your knowledge of assessment and develop a plan of care that will be peer reviewed in the tutorial. Feedback provided will support development around understanding the importance of planning care for clients.

6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Activity Participation	Individual	2 hours / Weekly	Throughout teaching period (refer to Format)	In Class
All	2a	Written Piece	Group	1 hour	Week 4	In Class
All	2b	Written Piece	Individual	1200 words	Week 8	Online Assignment Submission with plagiarism check and in class
All	3a	Activity Participation	Individual	15 minutes	Week 7	In Class
All	3b	Activity Participation	Individual	15 minutes	Week 13	Online Submission
All	4	Placement performance	Individual	80 hours	Throughout teaching period (refer to Format)	SONIA

All - Assessment Task 1: Check In Check Out Assessment

GOAL:	The goal of this task is for you to actively participate in the nursing laboratories to develop the knowledge and skills required for safe nursing practice.		
PRODUCT:	Activity Participation		
FORMAT:	You are required to submit evidence of preparation for practice through participation in the nursing laboratories linked to your Check In and Check Out, your learning needs and aligned to the NBMA, NSQHS & ACQ for 11 of the 13 weeks. Information about the assessment is available in Canvas.		
CRITERIA:	No.	Learning Outcome assessed	
	1	Active participation in nursing laboratories	1 3
GENERIC SKILLS:	Communication, Problem solving		

All - Assessment Task 2a: In class case study assessment and plan of care

GOAL:	The goal of this formative task is for you to identify and apply evidence-based assessment principles and use critical thinking skills to plan and document safe, quality, person centred nursing care.		
PRODUCT:	Written Piece		
FORMAT:	You will prepare responses to the assessment of a person and plan care relating to the provided case study. You will then consider which NMBA Registered nurse standards for practice, apply to the case.		
CRITERIA:	No.		Learning Outcome assessed
	1	Application of evidence to patient assessment and care planning	1
	2	Alignment of chosen assessment procedures with case	1
	3	Person centred plan of care	2
	4	Quality of documentation	
	5	Selection of relevant NMBA Registered nurse standards for practice that apply to the case	5
	6	Application of principles and practices of academic writing and referencing	7
	7	Demonstration of ethical use of intellectual property	8
GENERIC SKILLS:	Communication, Problem solving		

All - Assessment Task 2b: Case study assessment and plan of care

GOAL:	The goal of this task is for you to identify and apply evidence-based assessment principles and use critical thinking skills to plan and document safe, quality person centred nursing care		
PRODUCT:	Written Piece		
FORMAT:	You will prepare responses to the assessment of a person and plan care relating to the provided case study. You will then consider which NMBA Registered nurse standards for practice apply to the case.		
CRITERIA:	No.		Learning Outcome assessed
	1	Application of evidence to patient assessment and care planning	1
	2	Alignment of chosen assessment procedures with case	1
	3	Person centred plan of care, consider the person's identity, culture and experiences	2
	4	Quality of documentation	
	5	Selection of relevant NMBA Registered nurse standards for practice that apply to the case	5
	6	Application of principles and practices of academic writing and referencing	7
	7	Demonstration of ethical use of intellectual property	8
GENERIC SKILLS:	Communication, Problem solving, Organisation		

All - Assessment Task 3a: Scenario-based clinical assessment preparation and peer assessment

GOAL:	The goal is to demonstrate your knowledge of a clinical skill, and mechanisms to improve related practice.		
PRODUCT:	Activity Participation		
FORMAT:	In the nursing laboratory, you will complete a scenario-based clinical assessment. In pairs, you will complete the assessment and seek feedback from your peer and tutor. The scenario will be based on the previous learning and will be available to you in week 5.		
CRITERIA:	No.		Learning Outcome assessed
	1	Communicate effectively to ensure safe nursing practice.	2
	2	Interpret and use evidence and critical thinking skills in patient assessment and care planning.	1
	3	Apply nursing knowledge to assessment and care planning	3
	4	Demonstrate knowledgeable, safe nursing practice in a simulated environment	3
GENERIC SKILLS:	Communication, Collaboration, Problem solving		

All - Assessment Task 3b: Scenario-based clinical assessment

GOAL:	The goal of this task is to demonstrate requisite knowledgeable, safe nursing practice required for progression to PEP in NUR141.																
PRODUCT:	Activity Participation																
FORMAT:	In the nursing laboratory, you will complete a scenario-based clinical assessment. You will be allocated a scenario that incorporates a clinical skill. The scenarios will be available to you in week 11.																
CRITERIA:	<table> <tr> <th>No.</th><th></th><th>Learning Outcome assessed</th></tr> <tr> <td>1</td><td>Communicate effectively to ensure safe nursing practice.</td><td>2</td></tr> <tr> <td>2</td><td>Interpret and use evidence and critical thinking skills in patient assessment and care planning, that are appropriate for the person's identity, culture and experience</td><td>1</td></tr> <tr> <td>3</td><td>Apply nursing knowledge to assessment and care planning</td><td>3</td></tr> <tr> <td>4</td><td>Demonstrate knowledgeable, safe nursing practice in a simulated environment</td><td>3</td></tr> </table>	No.		Learning Outcome assessed	1	Communicate effectively to ensure safe nursing practice.	2	2	Interpret and use evidence and critical thinking skills in patient assessment and care planning, that are appropriate for the person's identity, culture and experience	1	3	Apply nursing knowledge to assessment and care planning	3	4	Demonstrate knowledgeable, safe nursing practice in a simulated environment	3	
No.		Learning Outcome assessed															
1	Communicate effectively to ensure safe nursing practice.	2															
2	Interpret and use evidence and critical thinking skills in patient assessment and care planning, that are appropriate for the person's identity, culture and experience	1															
3	Apply nursing knowledge to assessment and care planning	3															
4	Demonstrate knowledgeable, safe nursing practice in a simulated environment	3															
GENERIC SKILLS:	Collaboration, Problem solving, Organisation																

All - Assessment Task 4: Assessment of clinical practice

GOAL:	The purpose of this assessment is for you to demonstrate satisfactory performance based on the NMBA Registered nurse standards for practice at an introductory student level as measured using the Australian Nursing Standards Assessment Tool (ANSAT) and completion of your allocated placement hours for this course													
PRODUCT:	Placement performance													
FORMAT:	<p>You will have a progressive assessment of practice which provides you with the opportunity to work with your facilitator to reflect on your practice during the initial period of the PEP, review your progress against the criteria using the ANSAT, and develop a plan to support your successful completion of this PEP.</p> <p>Finalisation of assessment: The clinical facilitator/preceptor will use the ANSAT to finalise the assessment. You need to complete all the required hours and meet a satisfactory level of performance in all standards for practice. The summative ANSAT will be submitted to the course coordinator for final judgement. Ultimate accountability for assessing students in relation to clinical practice resides with the course coordinator and results and course grades are finalised through the UniSC assessment policy and procedures.</p> <p>Please note: You will also receive ongoing feedback throughout your PEP as a formative and developmental process. If you are not meeting satisfactory standards for practice at any point, learning processes will be implemented to guide and support you to satisfactorily meet each standard. Unsatisfactory performance which put patient/client safety at risk or practices that do not adhere with the NMBA Code of Conduct for nurses and/or ICN Code of Ethics may result in removal from your PEP at any time during the clinical placement and failure of the course. If a learning plan is required during your PEP, you must meet all the requirements and standards for practice at a satisfactory level to proceed to a final assessment.</p>													
CRITERIA:	<table> <tr> <th>No.</th><th></th><th>Learning Outcome assessed</th></tr> <tr> <td>1</td><td>Satisfactory practice as measured against the NMBA Registered nurse standards for practice by achieving a level of 3 across all domains of the ANSAT.</td><td>4</td></tr> <tr> <td>2</td><td>Evidence of adherence to the Code of Conduct for Nurses and Code of Ethics for Nurses.</td><td>5</td></tr> <tr> <td>3</td><td>Completion of allocated practice hours (80)</td><td>6</td></tr> </table>	No.		Learning Outcome assessed	1	Satisfactory practice as measured against the NMBA Registered nurse standards for practice by achieving a level of 3 across all domains of the ANSAT.	4	2	Evidence of adherence to the Code of Conduct for Nurses and Code of Ethics for Nurses.	5	3	Completion of allocated practice hours (80)	6	
No.		Learning Outcome assessed												
1	Satisfactory practice as measured against the NMBA Registered nurse standards for practice by achieving a level of 3 across all domains of the ANSAT.	4												
2	Evidence of adherence to the Code of Conduct for Nurses and Code of Ethics for Nurses.	5												
3	Completion of allocated practice hours (80)	6												
GENERIC SKILLS:	Communication, Collaboration, Problem solving, Applying technologies													

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

Please note that you need to have regular access to the resource(s) listed below. Resources may be required or recommended.

REQUIRED?	AUTHOR	YEAR	TITLE	EDITION	PUBLISHER
Required	Audrey Berman, Shirlee Snyder, Tracy Levett-Jones, Trish Burton, Nichole Harvey	0	Skills in Clinical Nursing	(2nd edn)	n/a
Required	Tracy Levett-Jones, Kerry Reid-Searl, Sharon Bourgeois	2018	The Clinical Placement	n/a	Elsevier Health Sciences
Required	AUDREY & FRANDSEN, BERMAN (GERALYN & SNYDER, SHIRLEE ET AL.), GERALYN Frandsen, Shirlee Snyder, Tracy Levett-Jones, Adam Burston, Trudy Dwyer, Majella Hales, Nichole Harvey, Lorna Moxham, Tanya Langtree, Kerry Reid-Searl, Flora Rolf, David Stanley	2020	Kozier and Erb's Fundamentals of Nursing, Volumes 1-3	5th edition	n/a
Required	Julie Martyn, Mathew Carey, John D. Gatford, Nicole Phillips	2022	Gatford and Phillips' Drug Calculations	10th edition	Elsevier

8.2. Specific requirements

If your mandatory requirements for your clinical placement have not been met by the published date provided by the Clinical Placement Office your clinical placement will be cancelled. If this occurs you will be advised to withdraw from your current enrolment and reenrol in the next available offering. This will impact your progression in the program. Should you not withdraw from the course you will be allocated a UF grade for the course.

Prior to commencing the first nursing laboratory class in week 1 you will be required to complete the Nursing Laboratory Induction and Quiz which is available on Canvas. You are required to wear fully enclosed shoes and uniform during all nursing laboratory classes.

All clinical laboratory classes must be attended

You need to refer to the Student Clinical Handbook for details of requirements for your clinical placement.

9. How are risks managed in this course?

Risk assessments have been performed for all field activities and low to moderate levels of health and safety risk exists. Moderate risks may include working in an Australian bush setting, working with people, working outside normal office hours for example. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and

standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 5.1.1.3 and 5.1.1.4 of the Grades and Grade Point Average (GPA) - Academic Policy.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

10.3. Assessment: Submission penalties

You must contact your Course Coordinator and provide the required documentation if you require an extension or alternate assessment.

Refer to the Assessment: Courses and Coursework Programs – Procedures.

10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: [07 5430 1168](tel:0754301168) or using the [SafeZone](#) app. For general enquires contact the SafeUniSC team by phone [07 5456 3864](tel:0754563864) or email safe@usc.edu.au.

The SafeUniSC Specialist Service is a Student Wellbeing service that provides free and confidential support to students who may have experienced or observed behaviour that could cause fear, offence or trauma. To contact the service call [07 5430 1226](tel:0754301226) or email studentwellbeing@usc.edu.au.

10.5. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the [Learning Advisers](#) web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or studentcentral@usc.edu.au.

10.6. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to [Student Hub](#), email studentwellbeing@usc.edu.au or call 07 5430 1226.

10.7. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, [AccessAbility Services](#) can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to [Student Hub](#), email AccessAbility@usc.edu.au or call 07 5430 2890.

10.8. Links to relevant University policy and procedures

For more information on Academic Learning & Teaching categories including:

- Assessment: Courses and Coursework Programs
- Review of Assessment and Final Grades
- Supplementary Assessment
- Central Examinations
- Deferred Examinations
- Student Conduct
- Students with a Disability

For more information, visit <https://www.usc.edu.au/explore/policies-and-procedures#academic-learning-and-teaching>

10.9. Student Charter

UniSC is committed to excellence in teaching, research and engagement in an environment that is inclusive, inspiring, safe and respectful. The [Student Charter](#) sets out what students can expect from the University, and what in turn is expected of students, to achieve these outcomes.

10.10. General Enquiries

In person:

- **UniSC Sunshine Coast** - Student Central, Ground Floor, Building C, 90 Sippy Downs Drive, Sippy Downs
