

NUR204 Professional Experience 3: Safe and Effective Nursing Practice

School: School of Health - Nursing

2027 | Trimester 1

UniSC Sunshine Coast
UniSC Moreton Bay
UniSC Caboolture
UniSC Fraser Coast
UniSC Gympie
SCHI

**BLENDED
LEARNING**

Most of your course is on campus but you may be able to do some components of this course online.

Please go to usc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

Not offered until Trimester 1, 2027

This course builds upon your previous clinical professional experiences, advancing your competency in planning and implementing comprehensive nursing care. You will develop critical thinking and problem-solving skills through hands-on practice, including simulation labs and clinical placement. The emphasis is on safe medication administration, patient assessment, and nursing interventions, guided by the National Safety and Quality Health Standards (NSQHS) and NMBA registered nurse standards for practice.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
BLENDED LEARNING			
Learning materials – Online asynchronous learning and teaching materials.	1hr	Week 1	8 times
Laboratory 1 – Simulated Learning Environment (Labs) Weeks 1, 2, 3 and 4	5hrs	Week 1	4 times
Laboratory 2 – Simulated Learning Activities	2hrs	Week 1	8 times

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
Placement – Professional Experience Placement	120hrs	Not applicable	Once Only

1.3. Course Topics

- Ongoing development of person-centred body systems assessments and recognition of the deteriorating patient
- Primary survey
- Escalation of care pathways
- Concepts and principles for safe administration of parenteral medication administration
- Assessment and management of antimicrobial therapy
- Intravenous therapy assessment and management
- Oxygen therapy principles and administration
- Medication calculations- including weight based, units/mg/ml
- Transmission based precautions and reporting requirements

2. What level is this course?

200 Level (Developing)

Building on and expanding the scope of introductory knowledge and skills, developing breadth or depth and applying knowledge and skills in a new context. May require pre-requisites where discipline specific introductory knowledge or skills is necessary. Normally, undertaken in the second or third full-time year of an undergraduate programs.

3. What is the unit value of this course?

18 units

4. How does this course contribute to my learning?

COURSE LEARNING OUTCOMES	GRADUATE QUALITIES MAPPING	PROFESSIONAL STANDARD MAPPING *
On successful completion of this course, you should be able to...	Completing these tasks successfully will contribute to you becoming...	Nursing and Midwifery Board of Australia
1 Demonstrate nursing and critical thinking skills applied to safe patient care	Empowered	1.1, 1.4, 2.2, 3.1, 6.1, 7.2
2 Integrate clinical knowledge with nursing interventions during Professional Experience Placement	Knowledgeable Empowered	1.5, 3.1, 6.2, 7.1
3 Practice safely within scope of practice	Ethical	1.1, 1.4, 1.6, 6.2, 6.5
4 Apply culturally safe communication strategies in collaboration with patients, families, and healthcare teams	Ethical	2.1, 2.2, 2.3, 2.6, 2.7
5 Reflect on professional growth and development through Professional Experience Placement	Ethical	1.2, 3.3, 3.5, 7.3
6 Integrate academic conventions, effective communication techniques, and proficient digital literacy skills to produce coherent, ethical, scholarly, and professionally relevant work, engaging collaboratively where required.	Ethical	1.4, 1.5, 1.6, 2.2, 2.6, 3.1, 3.3, 7.2, 7.3

* Competencies by Professional Body

CODE	COMPETENCY
NURSING AND MIDWIFERY BOARD OF AUSTRALIA	
1.1	The RN accesses, analyses, and uses the best available evidence, that includes research findings for safe quality practice

CODE	COMPETENCY
1.2	The RN develops practice through reflection on experiences, knowledge, actions, feelings and beliefs to identify how these shape practice
1.4	The RN complies with legislation, common law, policies, guidelines and other standards or requirements relevant to the context of practice when making decisions
1.5	The RN uses ethical frameworks when making decisions
1.6	The RN maintains accurate, comprehensive and timely documentation of assessments, planning, decision- making, actions and evaluations
2.1	The RN establishes, sustains and concludes relationships in a way that differentiates the boundaries between professional and personal relationships
2.2	The RN communicates effectively, and is respectful of a person's dignity, culture, values, beliefs and rights
2.3	The RN recognises that people are the experts in the experience of their life
2.6	The RN uses delegation, supervision, coordination, consultation and referrals in professional relationships to achieve improved health outcomes
2.7	The RN actively fosters a culture of safety and learning that includes engaging with health professionals and others, to share knowledge and practice that supports person-centred care
3.1	The RN considers and responds in a timely manner to the health and well being of self and others in relation to the capability for practice
3.3	The RN uses a lifelong learning approach for continuing professional development of self and others
3.5	The RN seeks and responds to practice review and feedback
6.1	The RN provides comprehensive safe, quality practice to achieve agreed goals and outcomes that are responsive to the nursing needs of people
6.2	The RN practises within their scope of practice
6.5	The RN practises in accordance with relevant nursing and health guidelines, standards, regulations and legislation
7.1	The RN evaluates and monitors progress towards the expected goals and outcomes
7.2	The RN revises the plan based on the evaluation
7.3	The RN determines, documents and communicates further priorities, goals and outcomes with the relevant persons

5. Am I eligible to enrol in this course?

Refer to the [UniSC Glossary of terms](#) for definitions of "pre-requisites, co-requisites and anti-requisites".

5.1. Pre-requisites

NUR110 or (NUR116 and NUR117) and enrolled in UB013 or SC391

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

NUR226 and NUR227

5.4. Specific assumed prior knowledge and skills (where applicable)

Not applicable

6. How am I going to be assessed?

6.1. Grading Scale

Limited Grading (PNP)

Pass (PU), Fail (UF). All assessment tasks are required to be passed for successful completion of the course.

6.2. Details of early feedback on progress

Students must successfully complete both the theoretical and PEP components of each professional experience course. A Fail grade in either component prevents progression to subsequent courses, ensuring safe practice is consistently demonstrated before advancing.

In this Professional Experience course, you will receive ongoing, formative feedback through your active participation in classes and your simulation activities. By engaging fully, you will have frequent opportunities to receive early feedback on your knowledge, skills, and professional behaviours. This feedback helps you monitor your progress, build confidence, and prepare for both assessments and safe, effective clinical practice.

6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Activity Participation	Individual	Throughout the teaching period	Week 8	Online Assignment Submission with plagiarism check
All	2	Quiz/zes	Individual	60 minutes	Week 8	Online Assignment Submission with plagiarism check
All	3	Portfolio	Individual	As determined by your Course Coordinator	Throughout teaching period (refer to Format)	Online Assignment Submission with plagiarism check
All	4	Placement performance	Individual	120 hours	Refer to Format	Online Assignment Submission with plagiarism check

All - Assessment Task 1: Scheduled Learning Activities

GOAL:	To develop your confidence and support your preparation for your Professional Experience Placement, you will engage in a range of learning activities, including those that take place in the Simulated Learning Environments (SLE). These sessions are designed to give you safe opportunities to practise and apply your skills before working with patients in real settings.		
PRODUCT:	Activity Participation		
FORMAT:	You are expected to attend and fully engage in at least 80% of scheduled learning activities. Attendance will be recorded by your tutor. At the end of the course, you will need to upload your signed attendance sheet in Canvas as evidence of participation.		
CRITERIA:	No.		Learning Outcome assessed
	1	Attends a minimum of 80% of scheduled learning activities, including those in the SLE.	1
	2	Provides signed evidence of attendance uploaded via Canvas.	6
GENERIC SKILLS:	Organisation		

All - Assessment Task 2: Med+Safe Quiz

GOAL:	The goal of this task is to ensure you can safely and accurately complete medication calculations required for nursing practice. Building on your earlier learning, this task covers a range of medication administration routes, including oral, parenteral, and IV medicines, to support the safe delivery of patient care.		
PRODUCT:	Quiz/zes		
FORMAT:	You will complete an online quiz using the Med+Safe platform. The quiz will assess your ability to calculate doses across a range of medication administration routes. You must achieve 100% proficiency to pass this task.		
CRITERIA:	No.		Learning Outcome assessed
	1	Accurately calculates safe doses across a range of medication administration routes (oral, parenteral, IV).	1
GENERIC SKILLS:	Problem solving, Organisation		

All - Assessment Task 3: Professional Portfolio

GOAL:	The goal of the professional portfolio is for you to collect and showcase evidence of your developing nursing knowledge, skills, and professional behaviours across the program. This portfolio provides a structured way to reflect on your growth and progress. It demonstrates your progressive achievement of the NMBA Registered Nurse Standards for Practice and it supports your readiness for safe practice.		
PRODUCT:	Portfolio		
FORMAT:	Across the teaching period, you will contribute to your portfolio that includes evidence of your learning and development as directed by your Course Coordinator. Your portfolio should demonstrate how you are building your professional capabilities, reflecting on your practice, and aligning with professional and ethical standards. This portfolio will also contribute to your ongoing preparation for clinical practice and future employment.		
CRITERIA:	No.		Learning Outcome assessed
	1	Submission of a portfolio that includes the required evidence	5
	2	Portfolio demonstrates engagement with professional learning and development activities	5
	3	Portfolio shows evidence of reflective practice, with thoughtful insights into personal and professional growth	5
GENERIC SKILLS:	Communication, Problem solving, Organisation		

All - Assessment Task 4: Professional Experience Placement

GOAL:	The goal of your Professional Experience Placement is to provide you with authentic opportunities to apply your learning in real healthcare settings, develop your skills under supervision, and demonstrate your progress against the NMBA Registered Nurse Standards for Practice using the Australian Nursing Standards Assessment Tool (ANSAT).		
PRODUCT:	Placement performance		
FORMAT:	<p>1. Completion of required hours: You must complete the allocated placement hours for your course. Evidence of attendance and completion will be recorded in Sonia and must be submitted to finalise your placement. 2. Progressive assessment: During your placement, you will engage in regular feedback and reflection with your facilitator. This process helps you review your practice, track your progress against the ANSAT criteria, and identify strategies to support your success. 3. Final assessment: At the end of placement, your clinical facilitator/preceptor will complete the summative ANSAT based on your overall performance. The ANSAT is then submitted to the course coordinator for review and final approval of results in line with UniSC assessment policies. Ongoing feedback and support: You will receive formative feedback throughout your placement as part of your professional development. If any areas of concern arise, a learning plan will be developed in partnership with you to guide improvement and ensure you have every opportunity to meet the required standards. 4. Professional expectations: You are expected to maintain safe practice at all times in line with the NMBA Code of Conduct for Nurses and the ICN Code of Ethics. Unsafe practice, breaches of professional standards, or behaviours that place patients at risk may result in removal from placement and failure of the course. 5. Supportive pathways to success: If a learning plan is required, you will be supported to meet all requirements before the final assessment. Successful completion of your Professional Experience Placement requires both full attendance of allocated hours and achievement of the required ANSAT at the developing level.</p>		
CRITERIA:	No.		Learning Outcome assessed
	1	Completes the required 120 hours of placement with satisfactory attendance and participation.	6
	2	Demonstrates nursing and critical thinking skills applied to safe patient care at a developing level.	1
	3	Integrates clinical knowledge with nursing interventions in authentic care settings.	2
	4	Practices safely within scope of practice, showing accountability and responsibility for patient safety.	3
	5	Applies culturally safe communication strategies when collaborating with patients, families, and healthcare teams.	4
	6	Reflects on professional learning to support ongoing growth in practice.	5

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

Please note that you need to have regular access to the resource(s) listed below. Resources may be required or recommended.

REQUIRED?	AUTHOR	YEAR	TITLE	EDITION	PUBLISHER
Required	Joanne Tollefson, Elspeth Hillman	2024	Clinical Psychomotor Skills 9e	n/a	Cengage AU
Required	Julie Martyn, Mathew Carey, John D. Gatford, Nicole Phillips	2022	Gatford and Phillips' Drug Calculations	n/a	Elsevier

8.2. Specific requirements

To support your success on placement, please read the Student Handbook (available via Sonia). This handbook provides important information, expectations, and procedures that guide your work integrated learning experience.

Your Summative ANSAT assessment will only be finalised once you have completed the allocated placement hours for this course. If you miss any scheduled hours, you will be required to make these up. Your final course grade cannot be released until all placement requirements are satisfactorily completed.

While on placement, you are required to wear the official UniSC nursing student uniform. Please also be aware that some placements may require travel, and associated costs are your responsibility.

9. How are risks managed in this course?

Risk assessments have been performed for all field activities and low to moderate levels of health and safety risk exists. Moderate risks may include working in an Australian bush setting, working with people, working outside normal office hours for example. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 5.1.1.3 and 5.1.1.4 of the Grades and Grade Point Average (GPA) - Academic Policy.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

10.3. Assessment: Submission penalties

You must contact your Course Coordinator and provide the required documentation if you require an extension or alternate assessment.

Refer to the Assessment: Courses and Coursework Programs – Procedures.

10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: [07 5430 1168](tel:0754301168) or using the [SafeZone](#) app. For general enquires contact the SafeUniSC team by phone [07 5456 3864](tel:0754563864) or email safe@usc.edu.au.

The SafeUniSC Specialist Service is a Student Wellbeing service that provides free and confidential support to students who may have experienced or observed behaviour that could cause fear, offence or trauma. To contact the service call [07 5430 1226](tel:0754301226) or email studentwellbeing@usc.edu.au.

10.5. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the [Learning Advisers](#) web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or studentcentral@usc.edu.au.

10.6. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to [Student Hub](#), email studentwellbeing@usc.edu.au or call 07 5430 1226.

10.7. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, [AccessAbility Services](#) can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to [Student Hub](#), email AccessAbility@usc.edu.au or call 07 5430 2890.

10.8. Links to relevant University policy and procedures

For more information on Academic Learning & Teaching categories including:

- Assessment: Courses and Coursework Programs
- Review of Assessment and Final Grades
- Supplementary Assessment
- Central Examinations
- Deferred Examinations
- Student Conduct
- Students with a Disability

For more information, visit <https://www.usc.edu.au/explore/policies-and-procedures#academic-learning-and-teaching>

10.9. Student Charter

UniSC is committed to excellence in teaching, research and engagement in an environment that is inclusive, inspiring, safe and respectful. The [Student Charter](#) sets out what students can expect from the University, and what in turn is expected of students, to achieve these outcomes.

10.10. General Enquiries

In person:
