LEARNING**

Most of your course is on campus but you may be able to do some components of this course online.

Please go to usc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

In your second professional experience placement (PEP) you will provide person centred care underpinned by quality and safety standards within the health care team. In a three-week (120 hour) PEP you will draw on previous learning to develop your practice and focus on a person's change in health status. In a range of healthcare including acute care, primary and community care, and aged care settings, you will plan, select and implement evidence based therapeutic interventions, underpinned by quality and safety standards. You will critically self-appraise your practice and your facilitator will evaluate your performance using the NMBA Registered nurse standards for practice at a level consistent with a developing nursing student.

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Placement performance	Individual	In this course you must complete the required 120 hours of placement before a final grade can be awarded.	Refer to Format	SONIA

All - Assessment Task 1: Assessment of clinical practice

GOAL:	The purpose of this assessment is for you to demonstrate satisfactory performance based on the NMBA Registered nurse standards for practice at a developing student level as measured using the Australian Nursing Standards Assessment Tool (ANSAT) and completion of your allocated placement hours for this course		
PRODUCT:	Placement performance		
FORMAT:	<p>You will have a progressive assessment of practice which provides you with the opportunity to work with your facilitator to reflect on your practice during the initial period of the PEP, review your progress against the criteria using the ANSAT, and develop a plan to support your successful completion of this PEP.</p> <p>Finalisation of assessment: The clinical facilitator/preceptor will use the ANSAT to finalise the assessment. You need to complete all the required hours and meet a satisfactory level of performance in all standards for practice. The summative ANSAT will be submitted to the course coordinator for final judgement. Ultimate accountability for assessing students in relation to clinical practice resides with the course coordinator and results and course grades are finalised through the UniSC assessment policy and procedures.</p> <p>Please note: You will also receive ongoing feedback throughout your PEP as a formative and developmental process. If you are not meeting satisfactory standards for practice at any point, learning processes will be implemented to guide and support you to satisfactorily meet each standard. Unsatisfactory performance which put patient/client safety at risk or practices that do not adhere with the NMBA Code of Conduct for nurses and/or ICN Code of Ethics may result in removal from your PEP at any time during the clinical placement and failure of the course. If a learning plan is required during your PEP, you must meet all the requirements and standards for practice at a satisfactory level to proceed to a final assessment.</p>

It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 5.1.1.3 and 5.1.1.4 of the Grades and Grade Point Average (GPA) - Academic Policy.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

10.3. Assessment: Submission penalties

You must contact your Course Coordinator and provide the required documentation if you require an extension or alternate assessment.

Refer to the Assessment: Courses and Coursework Programs – Procedures.
