

OCC312 Enabling Occupation: The Older Person

School: School of Health - Occupational Therapy

2026 | Trimester 1

UniSC Sunshine Coast

**BLENDED
LEARNING**

Most of your course is on campus but you may be able to do some components of this course online.

Please go to unisc.edu.au for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

This course covers complex knowledge of enablers and barriers to occupational performance for older persons. Function and occupational adaptation will be explored with consideration of typical changes with ageing, and conditions which may be experienced in older adulthood. You will apply learning from this and previous courses, to effectively address issues experienced in older adulthood and to articulate your clinical reasoning. These include, life transitions, maintenance of skills, the use of adaptive equipment, changing occupational roles and coping with changes in functional capacity.

1.2. How will this course be delivered?

8.2. Specific requirements

Specific requirements for students

Students should access Canvas and SONIA for all course and practice education requirements. General queries regarding assessment will be addressed via email to the placement coordinator; other issues can be discussed with your course coordinator via appointment. Current certifications and placement mandatory requirements for this placement can be found in Sonia. Student uniform and ID badge (unless otherwise advised); proof of required vaccinations; additional site-specific requirements as relevant e.g., SCHHS Student Information Form, Qld Health requirements; travel and other expenses incurred on placement will be the student's responsibility unless otherwise advised. There is minimal health and safety risk in this course because you will be provided with a Workplace Health and Safety Orientation within the first week of your placement. It is your responsibility to request this if it is not provided and to ensure you orientate yourself to WH&S policies and procedures applicable to the placement setting. Students are required to disclose any health, disability or other concerns that may impact performance on placement and/or contribute to risk, through completion of the Student Placement Agreement: Placement Disclosure Statement, and Ongoing Disclosure form if required.

9. How are risks managed in this course?

Health and safety risks for this course have been assessed as low. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

- (a) The final mark is in the percentage range 47% to 49.4%; and
- (b) The course is graded using the Standard Grading scale

10.3. Assessment: Submission penalties

Late submissions may be penalised up to and including the following maximum percentage of the assessment task's identified value, with weekdays and weekends included in the calculation of days late:

- (a) One day: deduct 5%;
- (b) Two days: deduct 10%;
- (c) Three days: deduct 20%;
- (d) Four days: deduct 40%;
- (e) Five days: deduct 60%;
- (f) Six days: deduct 80%;
- (g) Seven days: A result of zero is awarded for the assessment task.

The following penalties will apply for a late submission for an online examination:

Less than 15 minutes: No penalty

From 15 minutes to 30 minutes: 20% penalty

More than 30 minutes: 100% penalty
