## 8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Canvas site– Please log in as soon as possible.

### 8.1. Prescribed text(s) or course reader

Please note that you need to have regular access to the resource(s) listed below. Resources may be required or recommended.

REQUIRED?	AUTHOR	YEAR	TITLE	EDITION	PUBLISHER
Required	Karen Stagnitti, Adrian Schoo, Dianne Welch	2013	Clinical and Fieldwork Placement in the Health Profession	2nd	OUP Australia & New Zealand

### 8.2. Specific requirements

This course provides a practice education placement supervised by a qualified occupational therapist. A range of online and/or face-to-face learning support activities will be offered as additional support for student learning.

Students should access Canvas and SONIA for all course requirements. Current certifications (Bluecard, NDIS worker screening check, First Aid and CPR; additional may be required on request); student uniform and ID badge (unless otherwise advised); proof of required vaccinations; additional site-specific requirements as relevant e.g., SCHHS Student Information Form, Qld Health requirements; travel and other expenses incurred on placement will be the student's responsibility unless otherwise advised.

General queries regarding assessment will be addressed via email to the placement coordinator; other issues can be discussed with your course coordinator via appointment.

There is minimal health and safety risk in this course because you will be provided with a Workplace Health and Safety Orientation within the first week of your placement. It is your responsibility to request this if it is not provided and to ensure you orientate yourself to WH&S policies and procedures applicable to the placement setting. Students are required to disclose any health, disability, or other concerns that may impact on performance on placement and/or contribute to risk, through completion of the Student Placement Agreement: Placement Disclosure Statement, and Ongoing Disclosure form if required.

## 9. How are risks managed in this course?

Risk assessments have been performed for all field activities and a low level of health and safety risk exists. Some risks concerns may include working in an unknown environment as well as slip and trip hazards. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

## 10. What administrative information is relevant to this course?

### 10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Canvas, are electronically checked through Turnitin. This software allows for text comparisons to be made between your submitted assessment item and all other work to which Turnitin has access.

### 10.2. Assessment: Additional Requirements

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 4.1.3 and 4.1.4 of the Grades and Grade Point Average (GPA) - Institutional Operating Policy of UniSC.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

### 10.3. Assessment: Submission penalties

Grades will not be finalised until all assessment documents have been correctly submitted to Sonia

### 10.4. SafeUniSC

UniSC is committed to a culture of respect and providing a safe and supportive environment for all members of our community. For immediate assistance on campus contact SafeUniSC by phone: [07 5430 1168](tel:0754301168) or using the [SafeZone](#) app. For general enquires contact the SafeUniSC team by phone [07 5456 3864](tel:0754563864) or email [safe@usc.edu.au](mailto:safe@usc.edu.au).
